Office Hours

March 30, 2020

In order to comply with the current public health order, teachers and office staff are currently working from their homes. We are still available by telephone. We check our messages several times a day and will return your phone call. We look forward to returning to normal on-site office hours when the public health order is removed. Until then, staff office hours are 9:00 – 3:00, Monday – Thursday.
